

# Packaging Lead-Acid Batteries for Bulk Transports

## A hooden ne bambu

Hyeheye banbo mpaboa, dees wode behyehye wonsa, wanim ne ahwehwe antiwa <sup>1</sup>

Hwe batteries na ansse <sup>2</sup>

Wopon adwuma a, sesa watadee

Hwe se wobedi wo ho nini

Fa "insolation tape" fenfam batteries no pue eye (+) Positive

Fa Plastik ana robba tare baabia tokoro da

Hyeheye batteries a asesee no nyinaa gu robba bag a emuye duru mu

Fa palats ahoden wo mu ma akwantuo no <sup>3</sup>

Fa kaad-bood nye batteries biara entem

Hyeheye batteries no nyinaa na ensi si ho kama na biribi anko poles no ntem

Ma batteries no nyinaa anim nhwe soro wo palats no mu

Nhyehye no mmoro mmiensa mmiensa. Fa ahatoso emu duru – ye 1,000 kg to nnaka wode batteries no begu so

Kata so kama – fa kaad bood kata so na bo mu dendenden se ebeye na enngu fom

Palat biarra hye ho nnsa:  
① Kwan wohyehye no, ② kokobo fam ho nnuru ebetumi adi npa nya, nti esse yenya ahwe ye, ③ UN 2794 batteries a "wet" acid, ④ Nkata ho no

Hyeheye nneema no nyinaa adaka mu si palat so se ebeye na enkyia kyia. <sup>4</sup>  
Palat biara hyehye no kama ma mimoro so <sup>5</sup>

Nnaka wode nneema agu mu no tweretwete ho  
① Ha ebetumi aha nipa asen ahyenso dee, ② Dee ebo nipa ho ban batteries, UN 2794, acid ahye afide no mu
